

TAKE ME!

LIONENERGY™

LION SAFARI UT™ 1300

The Safari UT™ line is the latest in Lithium battery technology. It replaces traditional deep cycle lead acid batteries with the safest and longest lasting Lithium Iron Phosphate batteries

Light weight for easy use and transportation

Camp 2x longer, lift and dump 4x more on a single charge

Can recharge with renewable sources like the sun

At Lion Energy, we provide portable power that is safe, silent and renewable. It gives you peace of mind for emergencies and power for your work and play anytime, anywhere.

LASTS A LIFETIME

Using lithium-ion technology the Safari UT 1300 can be drained and recharged over 3,500 times. Outlasting any lead-acid battery by years. That's why we back it with a lifetime warranty.

MAINTENANCE? ZERO.

No fluids. No trickle charging. No mess. The Safari UT 1300 just works. Day in and day out.

MORE POWER? YOU GOT IT.

Unlike other batteries, the UT 1300 outputs 150A continuously and a 900A peak. More output means more power for your RV, Motorhome, Boat, Shed, Gazebo and Dump Trailer.

IT CAN POWER...

RV's

Trailers

Dump Trailers

Homes

Houseboats

Outbuildings

Trolling Motor
