

LIONENERGY™

LION SAFARI LT™

2x's the life cycle as the leading competition

Re-charge with AC power or renewable sources such as solar, wind and water

Light weight for easy use and transportation

We provide portable power that is safe, silent and renewable. It gives you the freedom to go and live your life, be prepared for emergency situations, or to power your work anytime, anywhere.

SAFE

The Lion Safari LT produces no emissions - none. It has no carbon footprint during use, emits no greenhouse gases and causes no damage to the environment. It's even safe enough to use indoors.

SILENT

Unlike other generators, the Lion Safari LT has silent power enabling you to sleep through the night at camp or allowing for an undisturbed work or play environment. No need for long extension cords to keep you from hearing a noisy, fuel-powered generator.

RENEWABLE

The Lion Safari LT unit is part of our pride of products that creates clean, limitless, renewable energy sources to power your life. It's designed for recharge through traditional AC power or renewable sources such as, solar, wind and water.

IT CAN POWER...
