

LION ENERGY™
Safe. Silent. Renewable. Power.

LION TREK™

Airline Approved

Recharge with AC power or renewable sources such as solar, wind, and water

Lightweight for easy use and transportation

We provide portable power that is safe, silent, and renewable. It gives you the freedom to go and live your life, be prepared for emergency situations, or to power your work anytime, anywhere.

SAFE

The Lion Trek produces no emissions - none. It has no carbon footprint during use, emits no greenhouse gases, and causes no damage to the environment. It's even safe enough to use indoors.

SILENT

Unlike gas generators, the Lion Trek has silent power allowing for an undisturbed work or play environment. No need for long extension cords or being tethered to the wall.

RENEWABLE

The Lion Trek is part of our pride of products that creates clean, limitless, renewable energy sources to power your life. It's designed for recharge through traditional AC power or renewable sources such as, solar, wind, and water.
