

LIONENERGY™
Safe. Silent. Renewable. Power.

LION UT™ 1300 BT

The Lion UT™ line is the latest in Lithium battery technology. It replaces traditional deep cycle lead acid batteries with the safest and longest lasting Lithium Iron Phosphate batteries.

Light weight for easy use and transportation

Camp 2x longer, lift and dump 4x more on a single charge

Bluetooth

Easy to use app for information on demand

At Lion Energy, we provide portable power that is safe, silent, and renewable. It gives you peace of mind for emergencies and power for your work and play anytime, anywhere.

LASTS A LIFETIME

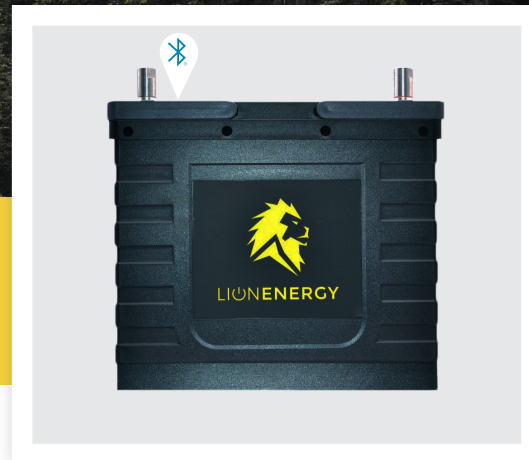

Using Lithium Iron Phosphate technology, the Lion UT 1300 can be fully drained and recharged over 3,500 times – outlasting any lead-acid battery by years. That's why we back it with a lifetime warranty.

ZERO MAINTENANCE

No fluids. No trickle charging. No mess. The Lion UT 1300 just works. Day in and day out.

MORE POWER? YOU GOT IT.

Unlike other batteries, the Lion UT 1300 outputs 150A continuously and has a 900A peak. More output means more power for your RV, motorhome, boat, shed, gazebo, and dump trailer.

IT CAN POWER...
